

APC add. Procalf 30 g

Art.Nr. 1502

Nutrition supplement for a very successful early weaning for calf rearing

- ✓ shorter period of milk supply
- ✓ less diarrhoea risk and lower labour costs
- ✓ earlier and increased feed intake
- ✓ no growth brake after weaning
- ✓ less costs

- ✓ APC natural feed additive blends and special immune stimulance guarantee a high immunity and health status
- ✓ Improved function of intestine and by that
- ✓ more weight gain also after weaning
- ✓ reduced feed costs because of early weaning from milk or milk replacer

The Concept

- The usage of carefully selected clay minerals chosen out of their synergistic effects are the basic of the product APC Procalf 30 g.
- APC Subjected to a special physical processing which results in an improvement of the surface of mucous membrane of animal's intestine. The result is a far better absorption of all nutrients.
- By using of APC Procalf 30 g requirements of protein and minerals can be reduced and by that the metabolism and the liver of the animals are clearly relieved.

Usage: 30 g per calf

package 30 kg bags or Big Bag

stability 6 months by original closed packing

producer Austria – feed mixing corp. ERES Schöllerbacher,
A-4493 Wolfers (αAT 6024)
