- ✓ Better immunity and health status
- ✓ Optimal preparation for a healthy birth and better time period of fresh cows
- ✓ Fewer metabolic disorders
- ✓ Increased persistence and fertility
- ✓ More lactation per cow
- ✓ More daily gain (Bulls)

### The Concept

- The usage of carefully selected clay minerals chosen out of there synergistic effects are the basic of the product APC RZ/RZT 60 g.
- APC Subjected to a special physical processing which results in an improvement of the surface of mucous membrane of animal's intestine. The result is a far better absorption of all nutrients.
- By using of APC RZ/RZT 60 g the requirements of protein and minerals can be reduced and by that the metabolism and the liver of the animals are clearly relieved.
- Therefore, a reduced input of nitrogen and phosphorus over the feed cause a reduction N and P in the faeces. Additional ammonia and noxious gases are reduced up to 50 %!

### Usage:

60 g per cow/day  
Cows in the late lactation, dry cows, heifers and fattening bulls

### package

30 kg bags or Big Bag

### stability

6 months by original closed packing

### producer

Austria – feed mixing corp. ERES Schöllerbacher,  
A-4493 Wolfers (αAT 6024)
